

ZOË NATAHANSON

Motion Graphics
Designer

About me

Hello, I'm Zoë, a final year Animation Arts student at Open Window Institute, specialising in Motion Design. I'm passionate about 2D animation and enjoy using mixed mediums and textures to add depth to my projects. I love incorporating my interest in comics and illustration into my work with half tones and illustrations.

I'm excited to bring my creativity, attention to detail, and collaborative spirit to your company. I'm friendly, reliable, and eager to learn and grow within the industry.

Thank you for considering my application. I look forward to contributing my skills and learning from your team.
